

Thursday 1st of November, 12:00-1:00pm

Rita Valentino

Visceral Awakenings: Interoception and the Micturition Reflex

National Institute on Drug Abuse

Rand Theatre, Level 8, Medical Building

Host - Department of Pharmacology and Therapeutics

Friday 2nd of November, 4:00-5:00pm

PhD Oration

Asres Mitke

Stiffness: a 'master regulator' of fibrogenesis?

Department of Pharmacology and Therapeutics

Rand Theatre, Level 8, Medical Building

Host - Department of Pharmacology and Therapeutics

Thursday 8th of November, 12:00-1:00pm

Dr Jessica Welch

Distilling without the alcohol: a brief guide to presenting your science

Department of Microbiology and Immunology

PDI Auditorium

Host - Natalia Salazar-Quiroz, Department of Microbiology and Immunology, presented by SPASIM.

Friday 9th of November, 3:15-4:15pm

PhD Oration

Andrew Buultjens

Genomic approaches to stop the spread of bacterial infectious diseases

Department of Microbiology and Immunology

PDI Auditorium

Host - Department of Microbiology and Immunology

Friday 9th of November, 4:00-5:00pm

PhD Oration

Phan Truong

TBC

Department of Pharmacology and Therapeutics

Rand Theatre, Level 8, Medical Building

Host - Department of Pharmacology and Therapeutics

Thursday 15th of November, 12:00-1:00pm

A/Prof Fabio Luciani

A systems immunology approach to study antigen-specific T cells in viral infection and cancer

University of New South Wales

PDI Auditorium

Host - Prof Katherine Kedzierska, Department of Microbiology and Immunology.

Friday 16th of November, 3:15-4:15pm

PhD Oration

Georgina Pollock

TBC

Department of Microbiology and Immunology

PDI Auditorium

Host - Department of Microbiology and Immunology

Friday 16th of November, 3:30-4:30pm

PhD Oration

Allen Espinosa

TBC

Department of Biochemistry and Molecular Biology

Bio21 Institute Auditorium

Host - Department of Biochemistry and Molecular Biology

Monday 19th of November, 12:00-1:00pm

Dr Christina Schroeder

TBC

IMB, University of Queensland

Rand Theatre, Level 8, Medical Building

Host - Department of Pharmacology and Therapeutics

Thursday 22nd of November, 3:15-4:15pm

PhD Oration

Shinta Dewi

TBC

Department of Microbiology and Immunology

PDI Auditorium

Host - Department of Microbiology and Immunology

Friday 23rd of November, 4:00-5:00pm

PhD Oration

Chaitanya Inampudi

TBC

Department of Pharmacology and Therapeutics

Rand Theatre, Level 8, Medical Building

Host - Department of Pharmacology and Therapeutics

Monday 26th of November, 12:00-1:00pm

Research in Progress, Anderson lab

Dissecting complex endotypes of chronic airways disease to find new therapies

Department of Pharmacology and Therapeutics

Rand Theatre, Level 8, Medical Building

Host - Department of Pharmacology and Therapeutics

Monday 26th of November, 12-1pm

Dr Antoine Dufour

Cutting the pac-man game short: how proteases regulate inflammation

McCaig Institute for Bone and Joint Health and the University of Calgary

Bio21 Institute Auditorium

Host - Department of Biochemistry and Molecular Biology

Wednesday 28th of November, 12-1pm

Prof Bernd Rehm

Design of bacterial cell factories toward assembly of functional materials

Director, Centre for Cell Factories and Biopolymers (CCFB), Griffith Institute for Drug Discovery (GRIDD), Griffith University

Bio21 Institute Auditorium

Host - Department of Biochemistry and Molecular Biology

Friday 30th of November, 4:00-5:00pm

PhD Oration

Marsha Tan

TBC

Department of Pharmacology and Therapeutics

Rand Theatre, Level 8, Medical Building

Host - Department of Pharmacology and Therapeutics

Friday 30th of November, 3:15-4:15pm

PhD Oration

Sabrina Daehling

TBC

Department of Microbiology and Immunology

PDI Auditorium

Host - Department of Microbiology and Immunology

**School of
Biomedical
Sciences**

**December Seminars 2018
Week starting
Monday 3rd - Friday 21st**

Friday 7th December, 3:30-4:30pm

PhD Oration Hatters Laboratory

Mona Radwan

The role of dipeptide repeat proteins in C9ORF72-associated motor neuron disease and frontotemporal dementia

Department of Biochemistry and Molecular Biology, University of Melbourne

Bio21 Institute Auditorium

Host - Department of Biochemistry and Molecular Biology

Monday 10th of December, 12:00-1:00pm

Dr Shane Liddelow

What do reactive astrocytes do?

Department of Pharmacology and Therapeutics

Rand Theatre, Level 8, Medical Building

Host - Department of Pharmacology and Therapeutics
