

THE UNIVERSITY OF  
MELBOURNE

# School of Biomedical Sciences (SBS) Early-Mid Career Researchers Association (EMCRA)

## 2019 EMCRA Collaborative Award

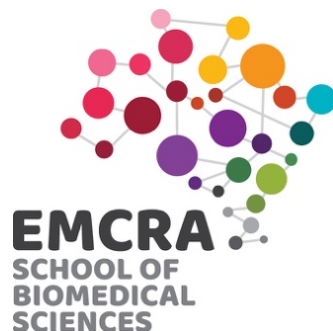

Promoting postdoctoral collaboration across the School of Biomedical Sciences and helping postdocs gain research independence ahead of larger funding schemes.

Available to level A and B postdocs in the School to collaborate on projects of their own devising. Applicants must include postdocs from a minimum of two different SBS departments.

A **total funding pool of \$60k** available, and awarded funds are estimated to be \$10 – 20k per funded project.
