**Biomedical**  
TRANSLATION BRIDGE  
PROGRAM

## [INFORMATION SESSION]

The Biomedical Translation Bridge Program is an initiative of the Medical Research Future Fund, providing up to \$1 million in matching funding to nurture the translation of new therapies, technologies and medical devices through to proof of concept stage.

The BTB program is operated by MTPConnect in partnership with BioCurate, UniQuest, the Medical Device Partnering Program and the Bridge and BridgeTech programs.

INFORMATION SESSION | Q&A

Please join us to find out if the BTB Program could support your life sciences innovation.
