

SEMINAR REPORT

Name and Supervisor:

Date of seminar

Title of seminar

Speaker (name and Institute/University)

Briefly outline (1-2 sentences) the research presented in the seminar

Briefly describe (2-4 sentences) the main findings from the research

Briefly describe one of the experimental approaches/techniques used in the research.

What was your assessment of the quality of the presentation? Indicate the features of the ppt images which (i) were attractive and very easy to understand or (ii) were poor quality and difficult to follow.

Did you ask a question?

If not, what question could you have asked (other than those actually asked at the seminar)
