

THE UNIVERSITY OF
MELBOURNE

BioCurate Information Seminar

Need support getting your medical discovery from bench to bedside? BioCurate can help

BioCurate is a joint venture between Monash University and the University of Melbourne, that catalyzes early stages of the development of new therapeutics. They can partner with you in:

- Planning and managing the translation pathway of your research
- Differentiating your potential therapy from existing and future therapies
- Early stage funding

**To learn more, please come to the
BioCurate Information Seminar**

Venue: Theatre 2, Level 1, The Alan Gilbert Building
